

EuroMir® FABBACK® Mirror Acrylic Sheet Silver, Satin & Colour

Silver 3 & 6mm
2440 x 1220mm, 3050 x 2030mm & 1525 X 2030mm

Colour, Satin & See Thru 3 mm
2440 x 1220mm

EuroMir® FABBACK® acrylic mirror is made from OPTIX® continuously processed acrylic sheet. With the process of vacuum metalizing, each sheet is given a mirror finish that is protected by the industry's toughest, most durable backing.

The durability of the EuroMir® FABBACK® back-coating makes Plaskolite mirrored sheet virtually scratch-resistant during fabrication processes. As a result the reflective qualities of EuroMir® FABBACK® are second to none. EuroMir® FABBACK® is ideal for slat walls, point-of-purchase displays, casinos, children's toys, cosmetic displays and food service applications.

FEATURES

- Industry's toughest back coating
- Safer alternative to glass
- Lightweight and possesses excellent shatter resistant qualities
- During fabrication it resists abrasion whilst being handled
- Can be used in the food service industry or areas where safety is of prime concern.
