## Perspex® Cast Acrylic Sheet Pearlescent

Available in a range of thickness options

Formulated to provide a range of products all with a softly shimmering lustre, Perspex® Pearlescent offers even more choice in today's retail environment.

Perspex® Pearlescent offers an attractive effect to designers and specifiers – whether in the world of Point of Sale, display and visual communications, or other areas of design such as furniture and interiors.

The lustre in Perspex® Pearlescent is further enhanced by subtle changes in its appearance depending on the light source and direction, meaning that virtually every POS display crafted from Perspex® Pearlescent could be considered almost unique!

**Pearl** - a natural light opal

**Azure** - a cool and delicate blue

**Candy** - a soft and subtle pink

**Platinum** - a steely, almost metallic grey

**Caramel Gold** - a rich warm gold

Available in

1PY1  
Pearl

4PY5  
Candy

5PY0  
Caramel Gold

7PY3  
Azure

9PY2  
Platinum

Perspex® Pearlescent is a single sided product, use face side only. The beauty of the pearlescent effect is due to the nature of the pigments used reflecting light in a number of directions. Some variation in natural or perceived colour will occur. This natural variation will also provide a directional effect. Adjoining samples should therefore be cut in the same plane.
